

## **RISE 3.0**

**A Web-Based Tool for Assessing Entrepreneurship  
Skills in Support of Human and Economic Development**

## The RISE Combines:

- **An assessment tool** for assessing an individual/team's entrepreneurship skills
- **A communication and coaching approach** – Uses the Communimetric Theory of measurement (clinical; aimed at understanding – not predicting)
- **An online platform** – provides a website where entrepreneurs and coaches complete their assessments, and that measures and reports the impact of entrepreneur development
